What is a Green Slip?

It is a legal requirement for all motor vehicles registered in NSW to hold a valid and current CTP Green Slip.

Your Green Slip is an insurance policy which provides for protection to vehicle owners and drivers who are legally liable for personal injury caused to others in a motor vehicle accident.

In conjunction with QBE, you can now quote and bind Compulsory Third Party cover for your own vehicles online.

Why CGU?

Our choice of Insurer for this facility is based on a consideration of their claims service, policy coverage, competitive premium pricing and company financial strength rating.
